

Test Series - StudySukh

Dear Parents and Students,

We are excited to launch a **Class 10 Test Series**, designed especially for **SSC students**, now available in **online mode**. This series focuses on strengthening exam readiness through structured practice, timely assessments, and expert feedback—accessible all from the comfort and safety of home.

While the test series is tailored to the SSC curriculum, **CBSE students may also benefit by participating in Mathematics and Science topics** that align with their syllabus.

The tests will consist mainly of **objective-type questions** that are carefully crafted to **test students' understanding of core concepts**, not just memory.

To promote quality over speed, **each test will unlock only after a minimum 72-hour interval** following the previous one. This gives students ample time to review their performance and prepare well before attempting the next test.

The **total fee for the test series is ₹700**.

We encourage all students to take full advantage of this focused preparation opportunity!
